given by filing a certificate of insurance providing coverage as required in state law. The operation of an "on sale" or "off sale" liquor business without having on file at all times with the city, proof of an effective bond, insurance policy, or other security as required, shall be sufficient grounds for immediate revocation of the involved license.

Sec. 10-8. Payment of Fees. Each application for a license under this Chapter shall be accompanied by a payment in full of the required license fee. All such license fees shall be paid into the General Fund of this municipality. Upon rejection of any application for a license, the treasurer shall refund to the applicant, the amount paid.

- (1) **Late Fee.** If a renewal application is received after the given due date, a late fee, as determined by the City Council, shall be charged to the applicant. Late renewal applications shall not be processed until the late fee is paid in full. The late fee must be paid separately from the renewal application fee due to accounting purposes.
- (2) **Public Hearing Notice Fee.** New license applicants must pay a public hearing notice fee, per notice posting. The fee is non-refundable and must be paid prior to the public hearing. The amount of the public hearing notice fee shall be determined by the City Council.

Sec. 10-9. Investigation Required; Fee. Subject to the monetary limitations imposed under Minnesota Statutes, Section 340A.412, Subdivision 2, each initial application for an "on sale" or "off sale" license shall be accompanied by a nonrefundable investigation fee in an amount as determined by the City Council, provided however, that said investigation fee may be waived upon an affirmative vote of the City Council. After the completion of the initial investigation, the City Council may determine that further investigation is necessary to determine the applicant's qualifications. When such further investigation is so ordered, an additional fee, not to exceed applicable statutory limitations, may be assessed to cover the reasonable cost and expense of such investigation. At the discretion of the City Council, an investigation with corresponding nonrefundable fee as determined by the City Council may be required prior to the renewal of any existing "on sale" or "off sale" license whenever such investigation is deemed to be in the public interest.

No license may be issued, renewed, or change in ownership or business control permitted if the results of the investigation show, to the satisfaction of the governing body, that issuance, renewal, or change in ownership or business control would not be in the public interest.

Sec. 10-10. Notice and Hearing. No initial application for "on sale" licensing by the licensee shall be acted upon by the City Council until a public hearing, preceded by at least ten (10) days published notice, shall have been held. Said notice shall be published once in the legal newspaper designated as such by the city, and shall include the time, place and purpose of the hearing, the name of the applicant, and the description and location of the premises.

Sec. 10-11. Expiration of License; Prorating. All licenses issued pursuant to this Chapter shall expire on the last day of March of each year. Each license shall be issued for a period of one year except that if a portion of the license year (April to March following) has elapsed at such time as the application is filed, a license may be issued for the remainder of the license year for a pro rata fee. For the purpose of computing such "pro rata fee", any fraction of a month falling within the license period shall be counted as a full month.

Sec. 10-12. License Limited to Applicant and Described Premises. Each license, as provided under this chapter, shall be issued only to the listed applicant and may not be transferred in any way, manner, or form to another holder. Changes in the articles of incorporation or partnership agreements, as the case may be, shall be submitted to the City within 10 days after such changes are made. The licensee shall notify the licensing authority when a person not listed in the application acquires an interest in the partnership or corporation and shall give all information about the person as is required in an initial application. Subsequent investigation determining the ineligibility of a corporate member(s) or partner(s) shall be sufficient grounds for the revocation of the involved license. Unless modified to the contrary, a license issued under this Chapter is valid only for the structural building portion of the premises described in the application, and shall not be transferable to new premises except upon the approval of the City Council.

Sec. 10-13. Places Ineligible for License.

- (1) No license required by this Chapter shall be issued for any place or for any business ineligible for such a license under State law.
- (2) No license shall be granted for operation on any premises on which taxes, assessments, or other financial claims of the city are delinquent or unpaid.
- (3) In those cases where licenses are desired for premises within one thousand (1,000) feet of any school or any church, the city shall cause a notice of a license application hearing to be mailed to all churches and schools located within one thousand (1,000) feet of such premises. In the case of a school, the distance is to be measured in a straight line from the parcel or lot upon which the business to be licensed is located to the nearest point of the parcel or lot upon which the school is located. In the case of a church, the distance shall be measured in the same manner as set forth above, except it is to be measured to the nearest point of the church building itself. The erection of a school or church within one thousand (1,000) feet of an existing licensed premise, after the granting of the original application, shall not in and of itself render such premises ineligible for renewal of the license.
- (4) No license shall be granted for operation on any premises upon which any city code or state code violations exist, nor which is in violation of any building permit or development agreement entered into between the proposed licensee, or licensees, and the city, except that the city may grant a temporary or restricted license for use on part of the premises or for part of the time, if the City Council determines that it is in the best interest of the city to grant said temporary or restricted license and the facts upon which said determination is made are stated in the resolutions granting the license. "Premises" as used in this section, refers not only to the building for which the license was issued, but also included all land adjoining the building and owned by the licensee.

Sec. 10-14. Application for License Renewal. Applications for the renewal of an existing license shall be made at least sixty (60) days prior to the date of the expiration of the license and shall be made in such form as the City may approve. Proposed enlargement, alteration, or extension of premises previously licensed shall be reported to the City at or before the time application is made. If, in the judgment of the City Council, good and sufficient cause is shown by any applicant for that applicant's failure to file an application for license renewal within the time provided, the

City Council may, upon a determination of compliance with all other provisions of this Chapter, accept the delinquent application. The City shall investigate the facts set out in the application, as in the case of an initial application for license.

Sec. 10-15. Compliance Checks. From time to time, but at least once per year, the city shall conduct compliance checks by using underage persons over the age of 18 years but under the age of 21 years to enter the licensed premise to attempt to purchase alcohol. Designated law enforcement personnel shall supervise the underage persons used for compliance checks. Underage persons used for compliance checks shall not be guilty of the unlawful purchase or attempted purchase, nor the unlawful possession of alcohol when such alcohol is obtained or attempted to be obtained as part of the compliance check. No underage person used in the compliance check shall attempt to use a false identification misrepresenting the underage person's age and all underage persons lawfully engaged in a compliance check shall answer all questions about the underage person's age asked by the licensee or his or her employee and shall produce any identification, if any exists, for which he or she is asked. Nothing in this section shall prohibit compliance checks authorized by State or Federal laws for educational, research or training purposes, or required for the enforcement of a particular State or Federal law.

Sec. 10-16. Conditions of License.
